### FINECABLES circular connectors

---

**Description of Product Category:**

M5, M8, M12 and M16 connectors.

**Description of product function:**

The main function of the circular connectors is the connection of signal and power in industrial applications.

**Reason why CCC certification is not required:**

Circular connector is not covered in CCC categories based on the CNCA announcement No.36 of year 2023. So, we can have a conclusion that CCC is not required for these products.
