

Product data sheet

M12 PCB Panel Mount

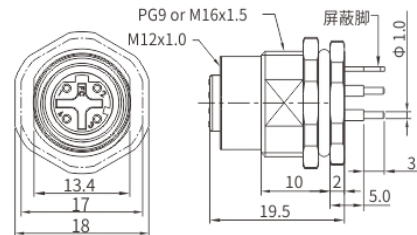

<https://finecables.com/m12-pcb-panel-mount-d-coded/676/>

Product description	M12 D-coding Female Straight Connector, PCB Panel Mount, Front fastened, With Earth Pin, PG9, Shielded, Contacts: 4, IP67 / IP68
Part no.	MB12

Illustration

Scale drawing

You can find the assembly instructions on the next page.

General features

Part no.	MB12
Standard	IEC 61076-2-101
Ambient temperature	-25°C ~ +90°C
IP rating	IP67, IP68 in locked condition
Mating endurance	>500 cycles

Electrical parameters

Insulation resistance	$\geq 100\text{M}\Omega$
Contact resistance	$\leq 5\text{m}\Omega$
Shielding	Available
Rated current	4A
Rated voltage	250V AC / DC

Material

Connector insert	PA
Connector contacts	Brass with gold plated
Coupling nut/screw	Brass with nickel plated
Seal/O-ring	Epoxy resin / FKM

Security Notices

1. Do not plug or unplug the connector while it is under load. Failure to follow this warning or

improper use may result in personal injury.

2. These connectors are designed for use in plant engineering, control systems, and electrical equipment construction. Users are responsible for verifying suitability if using them in other applications.
3. Connectors used in circuits with hazardous touch voltages must only be installed and operated by qualified personnel with electrical engineering training, or under their supervision, in accordance with applicable regulations and standards.
4. Users must take appropriate safety precautions to prevent accidental disconnection of the connector.
5. Please observe the specified pollution degree and overvoltage category. For more details, refer to the "Technical Information" section in our Download Center.
